

## EnergyFix Services Detail

EnergyFix Energetic Medicine for the Mind, Body & Spirit

### About Us

#### Nancy Green

Nancy Green is retired from the U.S.A.F. and has a bachelor's degree in Business Management from the University of Phoenix. Prior to becoming a CBS, she spent 25 years in the risk management field and owned her own consulting company for several years. During the last 5 years her health began to deteriorate with chronic pain plaguing her as well as a number of other "dis-eases". Frustrated with the results of and effects of allopathic medicine, she embarked on her healing journey, exploring a variety of modalities. Ultimately, the EPFX/SCIO as well as a variety of holistic treatments returned her health and well-being. Nancy is a board certified Biofeedback Specialist (CBS), having completed the beginning, intermediate-advanced, & masters level training in biofeedback. She is also certified in Reiki & Crystal Therapy. She uses her intuitive abilities to complement her healing skills.

### Mission

To provide services and an environment that supports empowerment in health & healing through education, and energetic therapies to our clients.

To honor the inherent wisdom that lies within each person who walks through our doors.

To assist clients in cultivating their awareness.
